### **EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 1, between the Inventor and "TECHNICAL FIELD", the following paragraph was inserted:

-- This application is a 371 of PCT/JP2005/010888, filed June 14, 2005. --.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kihara et al. discloses a disc management area for a recording medium.

The following is an examiner's statement of reasons for allowance: the prior art of record considered as a whole fails to teach or suggest a drive apparatus for performing a sequential recording for a write-once recording medium or a drive apparatus for reproducing data recorded in a write-once recording medium, the write-once recording medium including the data area and the disc management information area as claimed, wherein the drive apparatus comprises: determining a primary logical address-physical address mapping indicating a corresponding relationship between the plurality of logical addresses and the plurality of physical addresses based on the disc management information; receiving a reproduction or recording instructions including a logical address indicating location at which data is to be reproduced or recorded; and translating the logical address included in the reproduction or recording instruction into a physical address in accordance with the primary logical address-physical address mapping as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Huber whose telephone number is 571-272-7588.
